

Founders Circle
a planned giving program

*Link your
legacy* with Founders Hall

Two families, One Vision.

What happens when two families begin talking about “giving back” to their community? The outcome: a visionary concept that not only would change minds across the region about what a senior center could be, but one that would enhance the lives of seniors who live in our own community. The families formed a partnership that was dedicated to the principle that age does not curb enthusiasm for life so long as there is opportunity to develop and pursue one’s own interests.

Founders Hall has become that opportunity. The families built it in 2002, stayed passionately involved in the growth of Founders Hall and the rest is history. A history that will continue for future generations through *Founders Circle*, which provides an opportunity through Planned Giving for others to participate in creating the legacy.

A Vision for the Future

The Founders Hall story is exciting. The center is bustling with people who seek social and intellectual stimulation through courses, lectures, events and physical activities. A dedicated team works every day to provide avenues for individuals sixty and older to grow and learn with friends and peers. As others hear of our success, new members join every month and Founders Hall continues to grow.

An important challenge for our team is to make sure that Founders Hall remains vibrant in the years to come. If two families could build Founders Hall, think what two thousand families could do to make sure it endures.

Share the Future

The vision that inspired the original two families can now be shared by many through *Founders Circle*, a way for everyone to “give back” through planned giving. By joining *Founders Circle* with a planned gift an individual will help preserve the Founders Hall Legacy, and will strengthen the bond with its vibrant community.

This is your opportunity to join with others in support of Founders Hall. Create a legacy for Ridgefield, and ensure that this community asset is here for years to come.
